

# ☺ Think Positive! ☺

## Remove Negative Thoughts

**Magical Effect:** A piece of paper is shown to have smiley faces and frowny faces. After the paper is folded, the corners are cut off. The paper is opened and all of the frowny faces are gone.

**Preparation:** Using a square piece of paper make a tic-tac-toe formation with five smiley faces (one in the middle and one on each corner) and four frowny faces.

**Positive Message:** It is important to think positive thoughts. Do your best to remove all negative thoughts. Think “I can” instead of “I can’t.”
